Objective

College graduate seeking a career as a sound designer, audio engineer, graphic designer, video artist, or music

producer. I have a wide variety of skills and interests, some self-taught, and would like to secure employment in

the Lake Charles, LA area if possible. However, I am young and able to move anywhere if necessary and the right

opportunity arises.

Education

2019 BFA, Game Art, Animation, Simulation & Design Southern Arkansas University

Multiple Positions in BCM Leadership (2015-2019)

Partook in mission trips to San Diego and assisted leadership during Collegiate Week at Glorietta Camp

Skills

Hardworking

Sound Design

Logic Pro X

Final Cut Pro

Creative

Digital Art

Photoshop

Some experience in Maya, 3D Modeling, InDesign, shooting and editing video.
Proficient in MacBook OS.

Experience

Chic-Fil-A Front of House

Responsible for all duties within cashier and utilities as well as any work requests from the managers. Included taking orders, cleaning, restocking machines, and ensuring customers have the best possible experience.

Graphic Design/Audio (2014-Present):

Lead of Audio/Visual Team at Dry Creek Baptist Camp in multiple tasks and numerous projects (Soundboard operation, film editing and shooting) with deadlines each day and throughout

the week. Including a 1-2 hour final recap videos for the staff DVD each year.

Also scripted, directed from concept to completion: Annual Rules Video

Completed freelance work for Guaranty Bank & Trust. (On hold messages and redesign of pamphlets)

Music (2012 – Present):

Created, produced, mixed, and released my own personal EDM album on Spotify and iTunes.

(All in Logic Pro X)

Submitted original song for ABC's TV show Songland.

Freelance DJ: Learned in my personal time how to DJ as well as audio mixing and producing.

Game Development (2015-Present):

Created and edited all sound assets within past game projects (See Past Projects on Portfolio Site)
