## Work History

### 2018-07 - 2019-02 **Audio Engineer / Internship**

*FONOBX S.A. De C.V., Ciudad De México, CDMX*

During this period I worked as a Recording Engineer in multiple projects, supporting as a Musical Producer and in some cases as a Mixer, in several projects I had the opportunity to do Audio Editing for Post-Production and I was in charge of the Live audio synchronization in multiple presentations.

In addition, I offered customer service to nation wide artists and representatives, as well as selling our services to upcoming artists and projects. Among other activities, I was responsible for inventory control and management and research of popular trends in the industry through social networks.

### 2018-01 - 2018-07 **Front Of House Engineer**

*Rockmore Club De Música, Ciudad De México, CDMX*

Within the Rockmore Music Club, I worked as an FOH Engineer, operating an AVID S3 under a MTRX connection system; As Stage Manager, I was in charge of the instrumentation and microphone handling on stage, so I maintained a punctual attendance that allowed me to fine-tune the necessary details to have an optimal presentation.

Among other responsibilities, I performed the task of
